

Pre-Clinical Trials Prove Highly Successful for a “**Fast**” Acid Reflux Relief Supplement

Apple-Beet-Vinegar Essential Powder™ has been tested on hundreds of participating volunteers seeking temporary relief of indigestion and heartburn associated with occasional acid reflux (GERD).

Results: A vast majority of participants noticed satisfactory relief in less than FIVE minutes.
Note: Minor burping usually accompanied this relief by rapidly releasing built-up stomach gas and thus alleviating that bloated “full feeling” pressure within short order.

NEW PRODUCT SPECIFICATIONS for ABV (*Apple-Beet-Vinegar*) Essential Powder™

INGREDIENT COMPOSITION

A patent-pending, all natural ingredient combination that was extensively researched and painstakingly developed by *We Got The Beet™* safely “encapsulates” the acid-reducing liquid vinegar molecules produced when *ABV-EP™* is activated with water. Utilizing rare White Vinegar powder, the revolutionary *ABV-EP™* mixture carefully created by *We Got The Beet™* is effectively 1,000 times more powerful than bitter, acidic Apple Cider Vinegar.

DIGESTION

Extensive research has yielded the perfect basis for a *GREAT-TASTING*, natural liquid that quickly neutralizes acid reflux buildup. It is a known fact that vinegar stimulates one’s gall bladder to naturally contract which will then release more liver bile into the stomach. This will quickly digest more fats, the cause of all-too-common indigestion.

SAFE INTERACTIONS

Since the white vinegar molecules of *We Got The Beet’s™* *ABV-EP™* are nano-encapsulated with a slick, sugary coating, there is virtually no irritation of one’s mouth, gums, or throat membranes. This very important positive effect is contrary to the negative results of irritating soft tissue, and also the erosion of naturally healthy tooth enamel harmed by ingesting liquid Apple Cider Vinegar.

ADDITIONAL BENEFITS

The inclusion of natural Beet Fibers in *We Got The Beet’s™* *ABV-EP™* enhances one’s digestion on a sustainable basis when taken regularly. Additionally, *ABV-EP’s™* tightly “sealed in foil” individual packets allow easy transport when dining out or traveling. Just mix our natural and satisfyingly tasty Beet-based powder with purified water in a standard-sized 8-ounce glass or water bottle. No exact measuring is required.

BOTTOM LINE

We Got The Beet’s™ *Apple-Beet-Vinegar Essential Powder™* owns the uniquely delicious “WOW!” taste factor that differentiates itself and its benefits from anything else on the market today!

NEW DEVELOPMENTS

EssentialPowder.com is advancing our rollouts with the introduction of *DIET ABV-EP™* to help lose weight “**FAST**”. With no sugar added, *We Got The Beet’s™* *DIET ABV-EP’s™* satiation property is “I now feel like I already ate enough!”
